

Lithium Hosting, llc

Privacy Policy

This Privacy Policy describes how Lithium Hosting, llc and its affiliates ("Lithium Hosting," "we," "our" or "us") collect, use, and share information in connection with your use of our websites (including www.lithiumhosting.com), services, and applications (collectively, the "Services"). This Privacy Policy (the "Privacy Policy") does not apply to information our customers may process when using our Services.

We may collect and receive information about users of our Services ("users," "you," or "your") from various sources, including: (i) information you provide through your user account on the Services (your "Account") if you register for the Services; (ii) your use of the Services; and (iii) from third-party websites, services, and partners.

We recommend that you read this Privacy Policy in full to ensure you are fully informed. If you have any questions about this Privacy Policy or Lithium Hosting's data collection, use, and disclosure practices, please contact us at contact@lithiumhosting.com.

1. What information do we collect?

A. Information provided by you.

- I. **Account Registration.** When you register for an Account, we may ask for your contact information, including items such as name, company name, address, email address, and telephone number. If you choose to refer a friend to our Services, we may also collect your friend's email address so that we may send them a referral or promotional code to sign up for our Services.
- II. **Payment Information.** When you add your financial account information to your Account, that information is directed to our third-party payment processor. We do not store your financial account information on our systems; however, we have access to, and may retain, subscriber information through our third-party payment processor.
- III. **Communications.** If you contact us directly, we may receive additional information about you such as your name, email address, phone number, the contents of the message and/or attachments you may send us, and any other information you may choose to provide. We may also receive a confirmation when you open an email from us.

B. Information collected when you use our services.

- I. **Cookies and other tracking technologies.** As is true of most websites, we gather certain information automatically and store it in log files. In addition, when you use our Services, we may collect certain information automatically from your device. This information may include internet protocol (IP) addresses, browser type, internet service provider (ISP), referring/exit pages, operating system, date/time stamp, clickstream data, landing page, and referring URL. To collect this information, a cookie may be set on your computer or device when you visit our Services. Cookies contain a small amount of information that allows our web servers to recognize you. We store information that we collect through cookies, log files, and/or clear gifs to record your preferences. We may also automatically collect information about your use of features of our Services, about the functionality of our Services, frequency of visits, and other information related to your interactions with the Services. We may track your use across different websites and services. In some countries, including countries in the European Economic Area ("EEA"), the information referenced above in this paragraph may be considered personal information under applicable data protection laws.

II. **Usage of our Services.** When you use our Services, we may collect information about your engagement with and utilization of our Services, such as processor and memory usage, storage capacity, navigation of our Services, and system-level metrics. We use this data to operate the Services, maintain and improve the performance and utilization of the Services, develop new features, protect the security and safety of our Services and our customers, and provide customer support. We also use this data to develop aggregate analysis and business intelligence that enable us to operate, protect, make informed decisions, and report on the performance of our business.

C. **Information We Receive from Third Parties.**

- I. **Third-Party Accounts.** If you choose to link our Services to a third-party account, we will receive information about that account, such as your authentication token from the third-party account, to authorize linking. If you wish to limit the information available to us, you should visit the privacy settings of your third-party accounts to learn about your options.
- II. **Third-Party Partners.** We may also receive publicly available information about you from our third-party partners and combine it with data that we have about you.

2. **How We Use your Information**

We use the information we collect in various ways, including to:

- Provide, operate, and maintain our Services;
- Improve, personalize, and expand our Services;
- Understand and analyze how you use our Services;
- Develop new products, services, features, and functionality;
- Communicate with you, either directly or through one of our partners, including for customer service, to provide you with updates and other information relating to the Service, and for marketing and promotional purposes;
- Process your transactions;
- Send you text messages and push notifications;
- Find and prevent fraud; and
- For compliance purposes, including enforcing our Terms of Service, or other legal rights, or as may be required by applicable laws and regulations or requested by any judicial process or governmental agency.

3. **How we share information**

We may share the information we collect in various ways, including the following:

- A. **Vendors and Service Providers.** We may share information with third-party vendors and service providers that provide services on our behalf, such as helping to provide our Services, for promotional and/or marketing purposes, and to provide you with information relevant to you such as product announcements, software updates, special offers, or other information.
- B. **Aggregate Information.** Where legally permissible, we may use and share information about users with our partners in aggregated or de-identified form that can't reasonably be used to identify you.
- C. **Third-Party Partners.** We also share information about users with third-party partners in order to receive additional publicly available information about you.
- D. **Information We Share When You Sign Up Through a Referral.** If you sign up for our Services through a referral from a friend, we may share information with your referrer to let them know that you used their referral to sign up for our Services.
- E. **Analytics.** We use analytics providers such as Google Analytics. Google Analytics uses cookies to collect non-identifying information. Google provides some additional privacy options

regarding its Analytics cookies at <http://www.google.com/policies/privacy/partners/>.

- F. **Business Transfers.** Information may be disclosed and otherwise transferred to any potential acquirer, successor, or assignee as part of any proposed merger, acquisition, debt financing, sale of assets, or similar transaction, or in the event of insolvency, bankruptcy, or receivership in which information is transferred to one or more third parties as one of our business assets.
- G. **As Required By Law and Similar Disclosures.** We may also share information to (i) satisfy any applicable law, regulation, legal process, or governmental request; (ii) enforce this Privacy Policy and our Terms of Service, including investigation of potential violations hereof; (iii) detect, prevent, or otherwise address fraud, security, or technical issues; (iv) respond to your requests; or (v) protect our rights, property or safety, our users and the public. This includes exchanging information with other companies and organizations for fraud protection and spam/malware prevention.
- H. **Domain Whois Contact Information.**

We are required by ICANN guidelines, and/or the Registries who issue domains, to collect and retain certain personally identifiable information. This information is required to be kept current and may be accessed for changes through the [Client Area](#). This information is further required by law to be made publicly available unless you choose to use a privacy service to anonymize the information, such as WhoisGuard. Finally, ICANN requires that registrars must retain the Whois information, whether or not protected by a privacy service, for two (2) years after the domain expires or you are no longer the registrant.

Because domain name registration information is available to the public, anyone can access it through "Whois" searches. At times, our customers may be included within these searches. However, the spam they receive does not in any way come from Lithium Hosting and please note that we have no control over this information once it is available to the public.

WhoIs contact information, which is protected by a privacy service, will be governed by the disclosure guidelines of the privacy service provider. We use a third party provider called WhoIsGuard. If you choose to utilize their product to protect personal information provided through domain WhoIs, please review their Terms of Services, as they are a separate entity from Lithium Hosting.

- I. **With Your Consent.** We may share information with your consent.

4. **Legal Basis for Processing Personal Information**

Our legal basis for collecting and using the personal information described above will depend on the personal information concerned and the specific context in which we collect it.

However, we will normally collect personal information from you only (i) where we need the personal information to perform a contract with you; (ii) where the processing is in our legitimate interests and not overridden by your rights; or (iii) where we have your consent to do so. We have a legitimate interest in operating our Services and communicating with you as necessary to provide these Services, for example when responding to your queries, improving our platform, undertaking marketing, or for the purposes of detecting or preventing illegal activities.

In some cases, we may also have a legal obligation to collect personal information from you or may otherwise need the personal information to protect your vital interests or those of another person.

If we ask you to provide personal information to comply with a legal requirement or to perform a contract with you, we will make this clear at the relevant time and advise you whether the provision of your personal information is mandatory or not (as well as of the possible consequences if you do not provide your personal information).

5. THIRD-PARTY SERVICES

You may access other third-party services through the Services, for example by clicking on links to those third-party services from within the Services. We are not responsible for the privacy policies and/or practices of these third-party services, and we encourage you to carefully review their privacy policies.

6. SECURITY

Lithium Hosting is committed to protecting your information. To do so, we employ a variety of security technologies and measures designed to protect information from unauthorized access, use, or disclosure. The measures we use are designed to provide a level of security appropriate to the risk of processing your personal information. However, please bear in mind that the Internet cannot be guaranteed to be 100% secure.

7. DATA RETENTION

We retain personal information we collect from you where we have an ongoing legitimate business need to do so (for example, to provide you with a service you have requested or to comply with applicable legal, tax, or accounting requirements).

When your Lithium Hosting account is cancelled (either voluntarily or involuntarily) all of your personally identifiable information is placed in "inactive" status within our corresponding databases. However, you should know that deactivation of your account does not mean your personally identifiable information has been deleted from our database entirely. We will retain and use your personally identifiable information, if necessary, in order to resolve disputes, enforce our agreements and/or as required by laws or regulations.

We keep client information for no more than 36 months after an account is deemed inactive. An inactive client is defined as a client with no active products, services, addons or domains.

When a client's account is deemed inactive, the credit card token is removed from the system and client data purged from our Merchant processor's system.

When we have no ongoing legitimate business need to process your personal information, we will either delete or anonymize it or, if this is not possible (for example, because your personal information has been stored in backup archives), then we will securely store your personal information and isolate it from any further processing until deletion is possible.

8. ACCESS

If you are a registered user, you may access certain information associated with your Account by logging into the [Client Area](#). If you terminate your Account, any public activity on your Account prior to deletion may remain stored on our servers and may remain accessible to the public.

To protect your privacy and security, we may also take reasonable steps to verify your identity before updating or removing your information. The information you provide us may be archived or stored periodically by us according to backup processes conducted in the ordinary course of business for disaster recovery purposes. Your ability to access and correct your information may be temporarily limited where access and correction could: inhibit Lithium Hosting's ability to comply with a legal obligation; inhibit Lithium Hosting's ability to investigate, make or defend legal claims; result in disclosure of personal information about a third party; or result in breach of a contract or disclosure of trade secrets or other proprietary business information belonging to Lithium Hosting or a third party.

9. YOUR DATA PROTECTION RIGHTS UNDER THE GENERAL DATA PROTECTION REGULATION (GDPR)

If you are a resident of the EEA, you have the following data protection rights:

- If you wish to **access, correct, update, or request deletion** of your personal information, you can do so at any time in the [Client Area](#).
- In addition, you can **object to the processing** of your personal information, ask us to **restrict the processing** of your personal information, or **request portability** of your personal information. Again, you can exercise these rights by submitting a ticket in the [Client Area](#).
- You have the right to **opt-out of marketing communications** we send you at any time. You can exercise this right by clicking on the "unsubscribe" or "opt-out" link in the marketing emails we send you. To opt-out of other forms of marketing, please contact us by submitting a ticket in the [Client Area](#).
- Similarly, if we have collected and processed your personal information with your consent, then you can **withdraw your consent** at any time. Withdrawing your consent will not affect the lawfulness of any processing we conducted prior to your withdrawal, nor will it affect the processing of your personal information conducted in reliance on lawful processing grounds other than consent.
- You have the **right to complain to a data protection authority** about our collection and use of your personal information. For more information, please contact your local data protection authority.

We respond to all requests we receive from individuals wishing to exercise their data protection rights in accordance with applicable data protection laws.

10. YOUR CHOICES

You may unsubscribe from receiving certain promotional emails from us. If you wish to do so, simply follow the instructions found at the end of the email. Even if you unsubscribe, we may still contact you for informational, transactional, account-related, or similar purposes.

Many browsers have an option for disabling cookies, which may prevent your browser from accepting new cookies or enable selective use of cookies. Please note that, if you choose not to accept cookies, some features and the personalization of our Services may no longer work for you. You will continue to receive advertising material but it will not be tailored to your interests.

11. Children's Online Privacy Protection Act (COPPA) Compliance

Lithium Hosting does not knowingly collect information from children under the age of 13, and children under 13 are prohibited from using our Services. If you learn that a child has provided us with personal information in violation of this Privacy Policy, you can alert us at contact@lithiumhosting.com or submit a ticket in the [Client Area](#).

Lithium Hosting does not specifically market to persons under the age of 18.

12. CHANGES TO THIS PRIVACY POLICY

This Privacy Policy may be modified from time to time, so please review it frequently. Changes to this Privacy Policy will be posted on our websites. If we materially change the ways in which we use or share personal information previously collected from you through our Services, we may notify you through our Services, by email, or other communication.

Contact Us

If you have any questions or concerns about this Privacy Policy, please feel free to contact us at contact@lithiumhosting.com or submit a ticket in the [Client Area](#).

Lithium Hosting, llc
P.O. BOX 102
Ankeny, Iowa 50021

13. **Privacy Policy Customer Pledge**

We pledge to you, our customer, that we have made a dedicated effort to bring our privacy policy in line with the the following important privacy laws and initiatives:

- Federal Trade Commission Fair Information Practice
- Children's Online Privacy Protection Act
- Privacy Alliance
- Controlling the Assault of Non-Solicited Pornography and Marketing Act
- General Data Protection Regulation (GDPR)
